# "MIMOSAS" TOUR

The "Rando des Mimosas" offers you the first opportunity to row in bright sunshine at the beginning of the year. With its blue waters surrounded by the snowy Alps in the background and the blooming mimosa forests, the Saint-Cassien lake offers you an enchanting landscape and a taste of spring. You can enjoy having lunch on sunny terraces, visiting mimosa forests, having a typical Provençal dinner cooked by a local chef. You will long remember this dream weekend, mixing the flavours and scents of the Provence region.
